

EASY CUT SPRAY

Drilling and cutting oil

Description

Drilling and cutting oil spray for all high-alloyed steel grades as well as non-ferrous metals and aluminium. Increases the machining speed, reduces wear and extends the service life of tools. Optimum cooling and lubricating properties.

Field of application

MOTOREX EASY CUT PUMPSPRAY is perfect for processing (drilling, thread cutting, sawing, turning, milling, punching) all high-alloyed steel grades as well as non-ferrous metals and aluminium.

Application

Spray from a short distance. Spray again at frequent intervals.

Advantages

- increases the machining speed
- reduces wear caused by friction
- extends the service life of tools
- low evaporation loss
- high pressure-bearing capacity
- optimum cooling and lubricating properties
- Contains no propellant gas, is therefore not highly flammable

Sizes

250ml

SAP-Nr.	Product name	packaging unit
303790	EASY CUT PUMPSPRAY 250ml D00	1 x 250ml
303792	EASY CUT PUMPSPRAY 250ml K12	12 x 250ml
